

## gripSTIK® 1/2" Vinyl L-Tear Strip

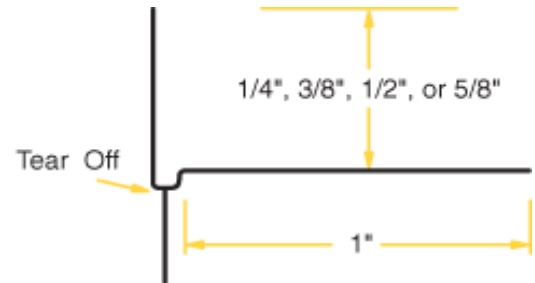

gripSTIK® 1/2" Vinyl L-Tear Strip provides a clean line at a variety of wallboard intersections. The tear-off strip provides a protective edge and a guide for drywall finishing knives. Once joint compound is applied, finished and painted, the tear-off strip is removed to form a clean, crisp edge. Won't rust and impact resistant. Easy to cut with shears, knife or fine-tooth hacksaw.
